

## Who we are:

TDOT is a multimodal agency with responsibilities in aviation, public transit, waterways, railroads, and cycling and walking. Our involvement ranges from airport improvements to funding transit buses to planning for river ports.

The Department of Transportation (TDOT) has close to 4,100 employees statewide with regional facilities in Knoxville, Chattanooga, Nashville, and Jackson. TDOT's headquarters is located in downtown Nashville.

## What we do:

The Tennessee Department of Transportation (TDOT) provides citizens and travelers of Tennessee with one of the best transportation systems in the country.

## Civil Engineering Manager 2/Engineering Manager

TDOT Aeronautics Division

Location: Nashville, TN

Compensation: Salary Range \$6,664 - \$8,663 per month

### Overview

The Tennessee Department of Transportation is currently hiring a full-time civil engineering professional for our TDOT Aeronautics Division located in Davidson County.

The Aeronautics Division supports, promotes, and delivers services that encourage and enhance a sustainable, efficient, and safe air transportation system in Tennessee. The division provides financial and technical assistance to publicly owned airport operators for the planning, development, promotion, construction, and operation of public-use airports throughout the state.

### Responsibilities

- Provide technical assistance to city, county, or other local airport sponsors, and private entities on airport and aviation matters including construction, maintenance, and operations of airport facilities, and airport navigational aid facilities.
- Identify and implement statewide aviation system improvement projects and represent the state's interest in other aviation matters as necessary.
- Management of planning and project management staff.
- Development of specifications, standard operating procedures, and industry guidance.
- Directly responsible for managing statewide engineering programs and internal architectural, engineering, and planning consultant services.
- Ensure airport improvement projects comply with Federal Aviation Administration and State standards and requirements.
- Management of the Division's project portfolio to ensure projects are completed on-time and on-budget.

### Qualifications

- 4 years of full-time professional civil engineering work managing and/or supervising professional and technical civil engineering staff.
- Possession of a current certificate of registration in active status as a professional engineer with the State of Tennessee in the civil engineering discipline must be maintained during employment in the Civil Engineering Manager 2 classification.

### Applications must be submitted online in order to be considered for the position.

Interested applications should apply online at: <https://www.tn.gov/tdot/human-resources-home/tdot-careers.html>
